The reply filed on 05 April of 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The restriction requirement mailed 05 January of 2006 required Applicant to elect one of the forty-nine different species of amino acid sequences "as recited in claim 30". In the response of 05 April of 2006 Applicant elected the species of SEQ ID NO:23. This is not fully responsive because the sequence listed in SEQ ID NO:23 of the instant application is not an amino acid sequence and it is not listed in claim 30. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John D. Ulm whose telephone number is (571) 272-0880. The examiner can normally be reached on 9:00AM to 5:30PM.
